RE: ML 45960--Building Stone/Limestone

Dear Mr. Holliday:

I understand that you have resumed mining and crushing operations at the Lime Ridge site. You are presently bonded and approved for only 4.7 acres of surface disturbance. You must notify this office, obtain approval for a revision in your mining plan and post additional bonding prior to disturbing any additional surface area within the leasehold. Prior to exceeding five acres of surface disturbance you must have an approved mining plan with the Utah Division of Oil, Gas & Mining.

Please contact me if I may be of assistance in helping you to remain in compliance with the terms and conditions of your lease.

Sincerely,

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST
